- **OUTPUT:** It has two output ports to charge two devices simultaneously. Output 1 is capable to provide DC 5.0V – 2.4A and Output 2 can provide the charge in three ways depending upon your device; DC 12V – 1.5A, DC 9V – 2A or DC 5V – 2.1A
- **INPUT:** It has two input ports. Input 1 which has Micro port can support DC 5V – 2A as well as DC 9V – 2A. Input 2 which has Type-C port can also support DC 5V – 2A as well as DC 9V – 2A. You can charge the power bank with both inputs at the same time to make it charge fast but both inputs together will accept DC 5V – 3A.
- **INTELLIGENT:** It comes with Quick Dual charge with intelligent recognition which means that it will identify the device connected and will provide it with the fastest possible charge.
- **DIGITAL DISPLAY SCREEN:** Better than LED indicator, it has digital display screen which will show the status of its battery in the percentage form. So you don't need to calculate the idea of the charge in the battery through LEDs.

Digital Display Screen

Better than LED indicator, it has digital display screen which will show the status of its battery in the percentage form. So you don't need to calculate the idea of the charge in the battery through LEDs.

MY BUDDY M

Portable Laptop Stand

Features & Benefits

- Ergonomically designed. The 18° elevated design has been developed to provide the very best angle for comfortable laptop or tablet use, supporting your entire body – neck, back and wrists – to allow you to work or play for prolonged periods without strain or risk of injury.
- Overheating protection. With a specialized hollow design, airflow is increased significantly around the areas of your laptop most vulnerable to overheating.
- Lightweight materials. The one-piece aluminum design means the stand makes little impact to your overall laptop weight when carried.
- Universally compatible with all tablets and laptops, including Apple, Dell, Asus etc., the laptop and tablet stand is suitable for use with any laptop or tablet model up to 15" screen sizes.
- FOLDABLE & PORTABLE: making it more convenient to carry, just put the stand in your backpack or in your laptop bag.

Peripheral
